

STATE OF MONTANA

Governor's Proclamation

WHEREAS, testicular cancer is the leading cancer in men between ages 15 to 44, although it can occur at any age; and

WHEREAS, according to Testicular Cancer Awareness Foundation, approximately 9,760 men will be diagnosed in 2024 with testicular cancer in the United States; and,

WHEREAS, if detected early, testicular cancer has a cure rate of 95 percent; and,

WHEREAS, those who are educated about early detection and the importance of monthly self-exams are more likely to survive and have better treatment outcomes;

NOW, THEREFORE, I, Greg Gianforte, Governor of the State of Montana, do hereby proclaim April 2024

TESTICULAR CANCER AWARENESS MONTH

to spread awareness about testicular cancer and recognize those who have been affected by it.

GREG GIANFORTE
Governor
